## Thank you for 75 years!

McClatchy Employees Credit Union is proud to mark its 75th anniversary of being a key part of our members' financial lives. Originally chartered in 1935 during the Great Depression, we have seen both boom times and economic slowdowns. With deposits insured by the NCUA for at least \$250,000 and reserves that far exceed required levels, McClatchy Employees Credit Union is safe, strong, and reliable. Give us a call or stop by today—we'd love to see you. Let us show you the many ways we can make your life easier. We've been your financial partner for 75 years and we look forward to serving you for many years

### **Support your local credit union**

Unlike a bank, which is an investor owned corporation whose primary aim is to earn as much revenue as possible, a credit union is member owned and is dedicated to improving the financial well-being of its membership. While banks have required trillions of dollars in government bailouts credit unions have never needed a penny of assistance. Support those who support you. Support your local credit union.
