## Keep track of your credit reports

They may not have as catchy a theme song as some of the other companies out there but if you need to get a copy of your credit report the best place to go is

[www.annualcreditreport.com](http://www.annualcreditreport.com)

Via this site you can obtain a copy of your report without any cost from each of the three major credit reporting agencies every year. To get the most value from this service we recommend against checking them all at the same time. Employing either a four or six month cycle allows you to find errors quickly.
